MESSAGE FROM

CEO

Every year is a good year for our Clubs, but this past year stood out as one of deep service. We heard members light up while learning about our environment through Ultimate Journey. We watched them collaborate in Torch Club and Keystone Club, building leadership and civic mindedness together. We tasted dishes from around the world and discovered other countries during Go Global summer camp. Each moment reflects the hard work of our Club staff to enrich young people's days, weeks, and lives, and to keep them safe.

This "**Year of Integrity**" was about unifying our Clubs to achieve greater impact for more youth. Guided by our mission, we achieved our goals and are ready for next year's value of Excellence.

Family Impact

Program Integrity in Action

We're Tracey and Sherry Sharpe from Timberville. Over the past 20 years, we've welcomed more than 40 children into our home, have now adopted eight, and are working on the adoption of number nine. We also have two biological sons and nine grandchildren. Our goal has always been to give children a place where they feel safe, accepted, and loved.

Boys & Girls Club and the Teen Center have become a big part of our family. Many of our kids came to us withdrawn, with no friends and no one to trust. Boys & Girls Club staff meet them where they are and treat them with endless patience.

“

Club staff use the mistakes our children make to help them grow and to encourage them toward positive choices by giving them second, third, and fourth chances.

”

With the Club reinforcing everything we do at home, we've watched small victories grow into big ones: friendships, confidence, and dreams. Some of our boys have gone on to become hospital administrators, architects, and college graduates. ***The Club is a village we didn't know we needed, but we did.***

“

***Our hope is that one day our kids
come back and give to the Clubs
what they've received and help
somebody else get where they are.
It's like a big circle, everybody's
helping everybody.***

Strong Staff, Strong Systems:

Integrity for Every Great Future

Behind every number in this report is a staff member who shows up for our kids every day, and the systems that back them up. BGCA research shows clearly that caring, well-trained staff are the single biggest reason a Club changes young people's lives. That's why we invest in both people and infrastructure: safety training, professional growth, and the technology that keeps every child safe and every family connected.

Safety: Commitment and Compliance

Safety at BGCHR isn't just a policy,
it's a promise renewed every day, at every site.

355 hours of Safety Training

Staff - Professional Development

Development: Always Growing for the Kids

Great youth development is a skill, and our team keeps sharpening it. From child abuse prevention and mental health to behavior support and positive youth development, staff train year-round, so every young person gets the same high-quality experience at every Club.

To everyone who supports the Club, please keep giving. **There's just no greater gift than to invest in a child.** It's like a little time capsule to the future, because these guys are going to grow up, and we have no idea what they're going to be as they get older. And to say that you had a part in that, even a small part, is very touching.”
